

2nd MEETING OF THE FRENCH-SINGAPOREAN NETWORK IN RENEWABLE ENERGIES (SINERGIE)

29 November - 1 December 2017, Singapore

Alain Dollet & Claude Guet
Final wrap-up

www.cnrs.fr

- ✓ A number of already ongoing joint projects (including joint PhD & Master student exchanges, PHC Merlion, ...).
- ✓ Some topics were already very active (e.g. smartgrids with a CREATE project on Smartgrids 2.0 in preparation), others did not demonstrate yet any successful cooperation, but **several new collaborations will start from this meeting** e.g. PV and Wind & Marine)
- ✓ Several applications to ANR-NRF calls not successful, some will be re-submitted in 2018

We must:

- ✓ **Late 2017:** Prepare the annual report for our institutions, i.e. full review of scientific cooperation (joint PhD, joint papers, student exchanges, joint projects, organization of events) + financial report (2016 & 2017) → survey will be send to participants
- ✓ **Early 2018:** Plan a meeting of the GdRI steering committee
- ✓ **Summer 2018: workshop & Summer school** (4-5 days) in France.
 - *where ? nice place in France will be proposed soon*
 - *which topic? Proposal: Major challenges for Renewables by 2050?*

Thanks to all attendees

**Thank to our Singaporean hosts for
welcoming this meeting!**
