

# FRENCH-SINGAPOREAN NETWORK IN RENEWABLE ENERGIES (SINERGIE)

## 4<sup>th</sup> meeting

November 5<sup>th</sup> – 8<sup>th</sup> 2019  
Singapore, NTU

## Concluding remarks

*Alain Dollet*  
*Subodh Mhaisalkar & Claude Guet*

# Synthesis of the meeting

→ *only 25 French participants, but good participation from Paris-Est + Grenoble*

## ➤ **Network topics' review**

- **Most of the 5 topics are active or very active**

→ *Student exchanges, Joint PhDs, ongoing proposals or projects*

- **A few subtopics attract less attention**

→ *Try to understand the reasons, propose possible changes*

## ➤ **Fall School “Sustainable & resilient cities: energy considerations”**

- **Broad spectrum of topics**

→ *Good quality talks, many questions*

- **High number of talks (18)**

→ *More speakers, but less time for presentation & discussion. Less speakers? parallel sessions?*

## ➤ **Presentations by PhD students**

- **Opportunity for them to present their work to an international audience**

→ *Good quality talks. Students were very active during the meeting. Need more time?*

## ➤ **Networking (visit of the labs, city tour and breaks)**

- **Better knowledge of host's activities and local ecosystem, discussion of new ideas, and possible projects... → very important output of a network**

# Next steps

## ➤ Annual activity and financial report

- **Required to be funded by the CNRS and for a possible review by the Steering Committee**

→ *Inputs from the partners needed (dates of travels/student exchanges, joint PhD, **articles...**)*

## ➤ Renewal of SINERGIE in 2021

- **Approval of the members/partners ?**
- **Formal application to be prepared and submitted to CNRS (late January or later?)**

→ *Inputs from the partners required (Full activity report + network programme)*

→ *Refresh of topics/subtopics, update of participant list*

## ➤ Preparation of the next SINERGIE event/Summer School

- **To be organized in France**

→ Preferably 2<sup>nd</sup> week of July

→ Preferably broad topic for the School

→ *Applications must be sent to [alain.dollet@promes.cnrs.fr](mailto:alain.dollet@promes.cnrs.fr) before 6 December*

❖ *La Rochelle already declared its interest*

# Acknowledgements

to :

- NTU for welcoming us and hosting this event in Singapore
- Minying for her involvement in the organization
- All the speakers

**Thank you**

***and see you next year in France for the 5<sup>th</sup> SINERGIE meeting***
